San Francisco, CA 94111

The CALFED Bay-Delta Program has had the advantage of hearing from hundreds of your members through your CitizenLetters or by individual members telephoning the Program to express their views on the removal of four dams in California's Central Valley.

It would be appreciated if the enclosed letter could be printed in your next newsletter so that the Program can communicate with those who took the time to share their views with us. Not every caller left their name and/or address and it was felt this would be a good way of reaching all who contacted the Program.

Thank you for your assistance and for providing the forum for concerned citizens to participate in seeking solutions to the resource problems in the Bay-Delta.

Sincerely,

Lester A. Snow
Executive Director
